

## REVABLUE

### Algaecide – bluing – weekly treatment

- **REVABLUE**'s components give an algaecide and bluing effect to pool water. It also has a double anti-fur effect (crystallisation inhibitor and chelant). Thanks to this triple activity, **REVABLUE** is the ideal complement for the **REVACIL/REVATOP** system, especially in hard waters (TH > 25°F/350mg/L)).
- **REVABLUE** is a non foaming algaecide product.
- **REVABLUE** is compatible with all types of treatments: chlorine-based treatments, electrolysis systems, brominated derives, **REVACIL**.

#### Packaging description :

	<b>1 L</b>	<b>5 L</b>
Bottle: Colour	Natural	White
Height	245mm	290 mm
Label	155x233 graduated	160x125 R/V
