

REVA - BROME

- **REVA-BROME** must be used with a brominator.
- **REVA-BROME** does not contain any additive and does not leave any residual.

Packaging description :

	5 kg pail
Pail: Colour	White
Height	200mm
Label	125x265
Tactile symbol	yes
Homologation	No
Lid: Colour	White
Child-proof	No
Box: Kraft + label	Yes
Of	4 pails
Delivered on Euro pallet of	21 boxes of 4 pails = 84 pails

Using method :

1. Backwash or clean filter.
2. Adjust pH between 7,2 and 7,8 according to your pool water balance pH.
3. Adjust filtration time according to water temperature.

Temperature	Minimum daily filtration time	
$T^{\circ} < 10^{\circ}$	2 hours	Winterising, filtration system running
$10^{\circ} < T^{\circ} < 12^{\circ}$	4 hours	
$12^{\circ} < T^{\circ} < 16^{\circ}$	6 hours	
$16^{\circ} < T^{\circ} < 24^{\circ}$	8 hours	SOUTHERN AREAS
$24^{\circ} < T^{\circ} < 27^{\circ}$	10 hours	Always during using hours during the day
$27^{\circ} < T^{\circ} < 30^{\circ}$	20 hours	
$T^{\circ} > 30^{\circ}$	24 hours	At these temperatures, product consumption will be higher than normal

- 4- Maintain **REVA-BROME** level between 1,2 and 2 mg/l. (check with a liquid reagent test kit)
- 5- Do a shock treatment with active oxygen (**REVA-CHOC**) every 15 days or each month to regenerate the bromine salts into active bromine.

Safety :

REVA-BROME is and corrosive (it may cause burns). It may case a sensitisation in case of contact with skin and it is very toxic to aquatic organisms.

- ◆ Avoid contact with eyes and skin.
- ◆ In case of contact with eyes, wash immediately with plenty of water. Seek medical advice.
- ◆ In case of contact with skin, rinse immediately with plenty of water.
- ◆ Do not breathe fumes from the product while opening the packaging.
- ◆ Keep locked up and out of reach of children.
- ◆ Do not mix with other chemicals (particularly, liberates a toxic gas in case of contact with an acid)
- ◆ Handle with care, wear gloves, goggles and protective clothing (to cover legs and arms).
- ◆ In case of accident or if you feel unwell, seek medical advice immediately (show him the label).
- ◆ Do not empty into drain. Rinse the empty pail into the pool before disposal.

Composition : Bromochloro-dimethyl hydantoine

Preservation : Keep container closed and in a dry place.
