

REVA-HIVER

- **REVA-HIVER** is an algistatic, bacteriostatic and anti scale product. It has 3 functions :
 - ANTI-ALGAE : *protects your pool against algae growth during winter,*
 - ANTI-SCALE : *avoids scale deposits on walls,*
 - ANTI-BACTERIA : *limits the growth of bacteria resistant to the treatment used during the season.*
- **REVA-HIVER** is compatible with **REVACIL**, **REV-AQUA** and **REVA-KLOR**.
- **REVA-HIVER** is guaranteed without copper sulphate, without EDTA and without polyphosphate
- **REVA-HIVER** allows, if necessary, to bathe after the adding; in that case, the treatment will have to be repeated at final pool closing.
- **REVA-HIVER** must be used when pool water temperature is lower than 16°.

At spring, uncover pool at first sunny days, and begin normal treatment.

Packaging description

	1L/1,1kg	3L/3,3kg	5L/5,5kg	20kg
Bottle: Colour	Natural	White	White	Transparent
Height	250mm	249mm	290mm	450 mm
Label	155x233 graduated	132x132 R/V	160x125 R/V	125 x 265
Visibility line	no	yes	yes	No
Tactile symbol	yes	No	Yes	Yes
Cap: Colour	White/Blue	Blue	Blue	White/Red
Child-proof	Yes	No	No	No
Box : Kraft + label	Yes	Yes	Yes	No
Printed	No	No	No	No
Of	12 bottles	6 bottles	4 bottles	-
Delivered on Euro pallet of	50 cases x 12 = 600 bottles	25 cases x 6 = 150 bottles	32 cases x 4 = 128 bottles	24 bottles

Using method

- For all types of treatments, the pool must be properly cleaned before winterising and pH must be brought back to its balance zone according to water quality. (between 7,2 and 7,6)
- For the **REVACIL** treatment, treat with **REVATOP** and adjust **REVACIL** level between 40 and 50 mg/l.
- For **REVA-KLOR** treatments, *stop adding tablets*. Same procedure for the **REV-AQUA** treatment.

Dosage : about 0,5L to 0,7L of REVA-HIVER per 10 m³ of water
--

Pool volume	Quantity of REVA-HIVER	Pool volume	Quantity of REVA-HIVER
0 - 20 m3	1 litre	70 - 90 m3	5 litres
20 – 35 m3	2 litres	90 - 120 m3	7.5 litres
35 - 50 m3	3 litres	120 - 150 m3	10 litres
50 - 70 m3	4 litres		

Pour **REVA-HIVER** directly into the pool in front of the outlets and leave filter to run for at least 4 hours.

Safety

REVA-HIVER is irritant to eyes. Moreover, it is very toxic to aquatic organisms and may cause long-term adverse effects.

- ◆ Avoid contact with eyes and skin.
- ◆ If splashed in the eyes, wash immediately with plenty of water. Seek medical advice in case of irritation.
- ◆ Avoid contact with skin. Wash hands properly after handling.
- ◆ Keep out of reach of children.
- ◆ In order to avoid any accidental swallowing, do not eat, smoke or drink during use.
- ◆ Do not mix with other chemicals.
- ◆ Do not throw residuals in sewer.
- ◆ If swallowed, seek medical advice immediately (show him the label or packaging).
- ◆ Rinse the empty bottle into the pool before disposal.

Storage : Store in a cool dry place, away from direct sunlight.
Close container well after use.

Shelf-life: 3 years
