Homologation	yes
Lid: Colour	White
Childproof	No
Box : Kraft + label	No
Printed	No
Of	4 pails
Delivered on Euro pallets of	21 boxes x 4 = 84 pails

Using method :

Shock chlorination : 50 g per 10 m³ (to be measured with the dosing jar)

- In tiled pools, pour the product on the area to be treated.
- In liner or polyester pools, put the pump on “forced running” and put the product into the skimmers. Leave the filtration system to run for 24 hours until the product is totally dissolved.

Safety :

REVA KLOR is harmful if swallowed and irritant to eyes and respiratory system. Moreover, it is harmful for aquatic organisms.

- ◆ In case of contact with eyes, wash immediately with plenty of water. Seek medical advice in case of irritation.
- ◆ If swallowed, seek medical advice immediately (show the label).
- ◆ Do not breathe fumes from the product when opening the packaging.
- ◆ To avoid any accidental swallowing, do not eat, smoke or drink during use.
- ◆ Keep out of reach of children.
- ◆ Do not mix with other chemicals (**liberates toxic gas in case of contact with an acid**).
- ◆ Avoid contact with skin. Wash hands properly after handling.
- ◆ **Warning ! Oxidising product. It helps combustible materials to burn.**
- ◆ Do not put residuals in sewer.
- ◆ Rinse the empty pail into the pool before disposal.

Storage : Keep in a cool dry place.

Close container well after use.

Composition : trichloroisocyanuric acid with 90 % of available chlorine (slow and total dissolving organic chlorine, without trace of residuals nor calcareous components).

Shelf-life: 3 years
