

REVA-KLOR 250g or 500g multifonction tablet

Disinfectant - Anti-algae – Flocculent - Bluing

- The **250g and 500g multifunction tablets** are perfectly suitable as long-lasting treatment.

REVA-Multifunction :

- Disinfects and destroys micro-organisms
- Destroys algae
- Flocculate the suspended particles which are then stopped onto the filter
- Makes the water crystal clear thanks to its bluing power
- Stabilises pH.

Using method :

- Maintain in slow dissolution into the skimmer: **1 multifunction 250g tablet** per 30 m³ or **1 multifunction 500g tablet** per 50 m³.
During the bathing season, renew as soon as the tablets have disappeared.
- Adjust filtration time according to water temperature :

Temperatures	Minimum daily filtration time	
T° < 10°	2 hours	Winterising, filtration working.
10° < T° < 12°	4 hours	
12° < T° < 16°	6 hours	
16° < T° < 24°	8 hours	SOUTHERN AREAS Always during using hours during the day
24° < T° < 27°	10 hours	
27° < T° < 30°	20 hours	At these temperatures, product consumption will be higher than normal
T° > 30°	24 hours	

- To keep a crystal clear water with a good bacterial quality and prevent algae growth, maintain the available chlorine level between 0,6 mg/l and 1 mg/l, and between 1 and 2 mg/l only in case of high frequentation of the pool.

Safety :

REVA KLOR Multifunction is harmful if swallowed and irritant to eyes and respiratory system. Moreover, it is hazardous for aquatic organisms.

- ◆ In case of contact with eyes, wash immediately with plenty of water. Seek medical advice.
