Homologation	yes	yes	yes
Lid : Colour	White	White	White
Childproof	Yes	No	No
Box: Kraft + label	Yes	Yes	No
Printed	No	No	No
Of	12 jars	4 pails	-
Delivered on Euro pallets of	432 jars	84 pails	18 pails

Using method :

Shock chlorination dose : 80 grams per 10 m³ (measure with the dosing jar)

- Put the product in front of the outlets for *tiled pools* ;
- For *liner or polyester pools*, dilute product in a pail before pouring it in the pool
- Leave the filtration system to run for a few hours.

Safety :

REVA KLOR Rapide 60 is harmful if swallowed and irritant to eyes and respiratory system. Moreover, it is hazardous for aquatic organisms.

- ◆ In case of contact with eyes, wash immediately with plenty of water. Seek medical advice.
- ◆ If swallowed, seek medical advice immediately (show him the label).
- ◆ Do not breathe fumes from the product when opening the packaging
- ◆ In order to avoid any accidental swallowing, do not eat, smoke or drink during use.
- ◆ Keep out of reach of children.
- ◆ Avoid contact with skin. Wash hands properly after handling.
- ◆ **Do not mix with other chemicals (releases a toxic gas in case of contact with an acid).**
- ◆ Do not release residuals in sewer.
- ◆ Rinse the empty packaging into the pool before disposal

Storage : Store in a cool dry place.
Close container well after use.

Composition : dehydrated sodium dichloroisocyanurate granules with at least 56% of available chlorine (quick and complete dissolving organic chlorine with no trace of residuals nor calcareous components).

Shelf-life: 3 years
