Label	132x132 R/V
Visibility line	yes
Tactile symbol	No
Cap: Colour	Blue
Childproof	No
Box: Kraft + label	Yes
Printed	No
Of	6
Delivered on Euro pallets of	25 boxes x 6 = 150 bottles

Using method :

Preferably, treat the pool from the beginning to obtain a better efficiency of the disinfecting products.

- Calculate your pool TH (hardness) with the **CALCAIRE-TEST**

Necessary quantity of STOP CALCAIRE to be added: *0,25 litre per 10 m³*

- For TH over 350 mg/L, seek your professional dealer for some advice to make a treatment to take the scale out of the water (**CALC-OUT**).
- Pour the product in front of the outlets, with the filtration system running.
- Add **STOP-CALCAIRE** according to water additions during the season.

Warning : *at the beginning **STOP-CALCAIRE** may make the water slightly cloudy : this shows that the product is working.*

Safety :

Stop-Calcaire is irritant to eyes and skin.

- ◆ In case of contact or splash into the eyes, wash immediately with plenty of water. Seek medical advice.
- ◆ In case of contact with skin, wash immediately with plenty of water.
- ◆ Keep out of reach of children.
- ◆ In order to avoid any accidental swallowing, do not eat, smoke or drink during use.
- ◆ Do not mix with other chemicals.
- ◆ If swallowed, seek medical advice immediately (show the label or packaging).

Storage : keep in a cool dry place.

Close container well after use.

Composition : This product contains a calcium precipitation inhibitor
